

The **Medical University of Graz** is a young organization with deeply rooted traditions that conducts sustainable and comprehensive healthcare research. Approximately 2,100 employees are involved in research, teaching and health care. We invite applications for the attractive and challenging position of:

**Tenure Track Professor of Perioperative Outcomes Research**  
at the Division of General Anaesthesiology, Emergency and Intensive Care Medicine  
Part-time position (50%)

We are looking for an excellent scientist/researcher with great potential to develop an internationally renowned research agenda in the field of perioperative outcomes research.

The successful candidate should be a qualified expert in perioperative outcomes and promote it in research and teaching.

The initial appointment is limited to six years. After the conclusion of a qualification agreement (assistant professor), the career advancement goal is to transfer to a tenured position as an associate professor (tenure track professor pursuant to § 99 para. 5 and 6 of the Universities Act). If the candidate demonstrates outstanding and remarkable achievements, the qualification agreement may be fulfilled as quickly as possible.

**Core duties and responsibilities:**

- Conducting cutting-edge scientific research in the field of perioperative outcomes research
- Acquiring competitive third-party funding and taking the lead in research projects
- Establishing an internationally renowned multidisciplinary team
- Teaching at the university and advising students pursuing human medicine diplomas and doctoral studies
- Mentoring and promoting young researchers
- Establishing and maintaining networks and collaborations with national and international partner institutions
- Supporting scientific and public outreach in his/her research area (public lectures, media, etc.)

**Successful candidates must have the following qualifications:**

- Degree in human medicine and a related doctoral degree
- Specialist (Facharzt) in anaesthesiology
- Excellent track record with publications in leading journals and third-party acquisition of funding for perioperative outcomes research
- Experience in teaching and/or (co)supervising doctoral students and/or training of post-doctoral fellows (depending on the applicant's career stage)

- National and international scientific collaborations
- High level of proficiency in both written and spoken German and English (proficiency level C1)

**The ideal candidate has the following profile:**

- Highly willing to engage in interdisciplinary and interprofessional cooperation
- Highly motivated to achieve academic excellence in research and teaching as well as capable of inspiring colleagues and students
- Responsible work habits, resilience and ability to solve problems

**Application:**

Med Uni Graz invites all applicants to submit their application online by **05 March 2020**.
