Keynote lecture

“Human performance and the improvement of perioperative care”

Rhona Flin, PhD

Professor of Industrial Psychology, Aberdeen Business School, RGU and Emeritus Professor of Applied Psychology at the University of Aberdeen, UK

Prof. Rhona Flin specialises in the study of human performance in high risk industries and healthcare. In hospitals, her research has focussed on safety “at the sharp end” - in particular surgeons’, anaesthetists’ and nurses’ non-technical skills and the underlying safety culture. She lead the Scottish Patient Safety Research network from 2007-2012. Her books include “Safety at the Sharp End: A Guide to Non-Technical Skills” (2008 with O’Connor & Crichton) and “Enhancing Surgical Performance: A Primer in Non-Technical Skills” (2015 with Yule and Youngson).
